ABOUT ME

Motivated Software Engineering graduate with hands-on experience in developing web applications using Java, Spring Boot, REST APIs, PostgreSQL, HTML, CSS, and JavaScript. Passionate about building scalable backend applications and seeking an entry-level Software Engineer / Java Developer role where I can contribute and continuously grow.

SKILLS

- Programming Languages: Java, Python
- Backend: Spring Boot, REST API's
- Web Technologies: HTML5, CSS3, JavaScript, Bootstrap
- Databases: PostgreSQL, MySQL, SQL
- Tools: Git, GitHub, VS Code, Postman
- Concepts: OOP, JDBC, Collections, Exception Handling

EDUCATION

- **B.E** | Veerappa Nisty Engineering College Shorapur | **2021 – 2025** | **CGPA: 8**
- **PUC** | R D Patil PU College Sindagi | **2019 – 2021** | **71.16%**
- **SSLC** | P S C High School Sindagi | **2019** | **63.84%**

EXPERIENCE

Machine Learning Intern

Compsoft Technologies | Oct 2022 – Nov 2022

- Applied supervised machine learning algorithms to solve prediction problems.
- Performed data preprocessing and feature analysis using Pandas and Scikit-learn.
- Assisted in training and evaluating machine learning models.

Web Development Intern

Elewayte | Nov 2023 – Dec 2023

- Developed responsive web pages using HTML, CSS, and JavaScript.
- Improved website responsiveness and user interface across devices.
- Collaborated on enhancing website usability and performance.

PROJECTS

Hospital Management System | [GitHub Link](#)

Technologies: Java, Spring Boot, PostgreSQL

- Developed a Hospital Management System using Spring Boot and PostgreSQL.
- Implemented CRUD operations for doctor management with database integration.
- Added search functionality and responsive user interface using Bootstrap.

Vehicle Number Plate Detection and Recognition | [GitHub Link](#)

Technologies: Python, OpenCV, Tesseract OCR

- Built an automated license plate detection system using Python and OpenCV.
- Applied image processing techniques to detect vehicle number plates.
- Integrated Tesseract OCR for automatic text recognition.

POSITION OF RESPONSIBILITY

Campus Ambassador Intern

Rooman Technologies | 30 Oct 2024 – 7 Feb 2025

- Managed technical setup and connectivity during sessions
- Monitored student attendance and engagement
- Coordinated with SPOC for smooth academic operations

CERTIFICATIONS

- Mastering Web Design: HTML, CSS & Generative AI - Udemy
- Crash course on Front End Development by Great Learning
- One-week National Skill Awareness Challenge by College Innovator
